Warehousing and Distribution

Comprehensive warehousing services

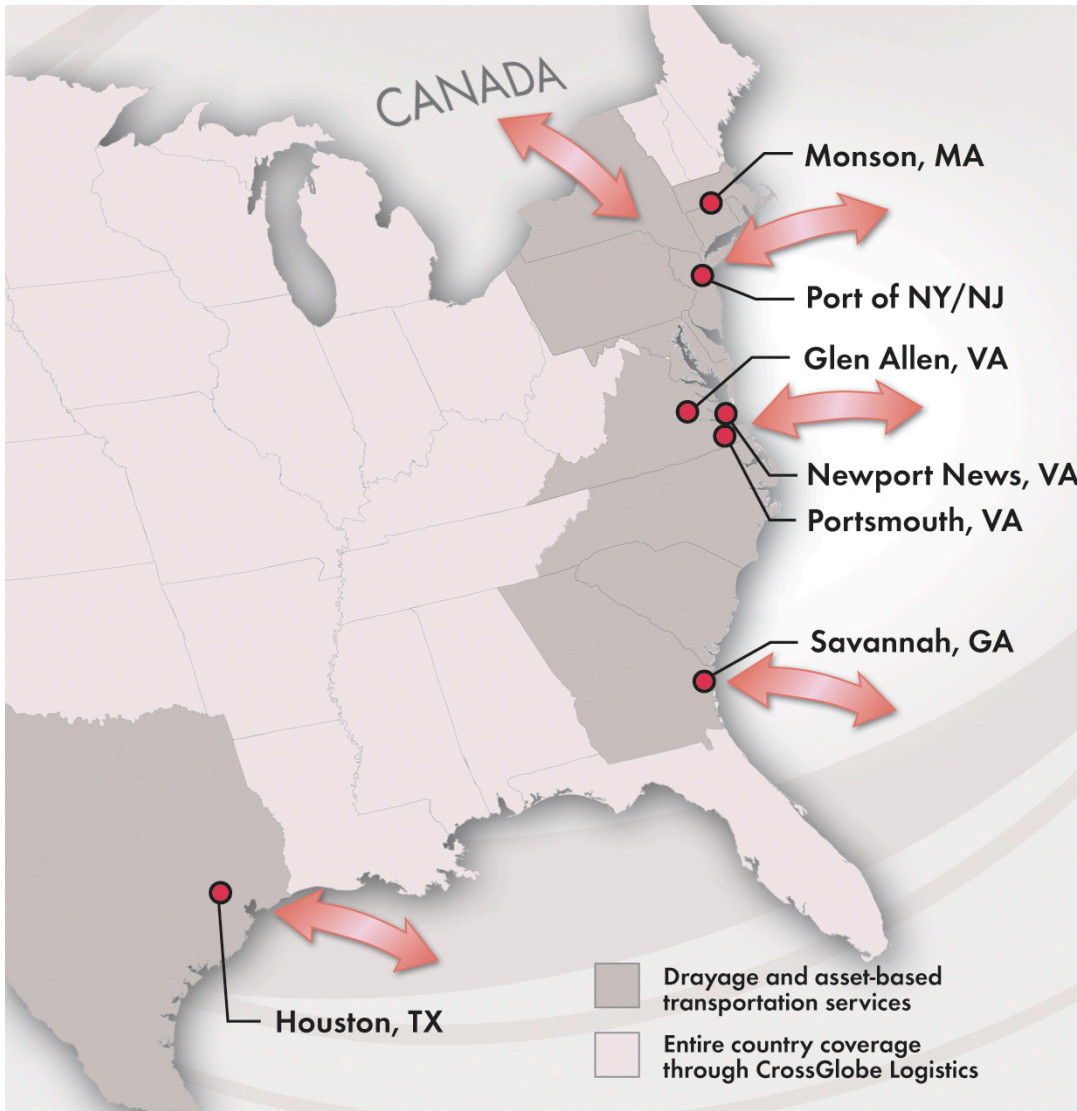

CrossGlobe operates over 1 Million square feet of storage space strategically located along the East Coast. CrossGlobe Group offers a variety of warehouse services including product transfer, storage and distribution. We operate state-of-the-art multi-commodity facilities and provide added-value services such as WMS, EDI, RF scanning, order fulfillment and online inventory management.

The Monson Facility is multi commodity transload distribution center, located in the heart of the New England region and offering rail-to-rail, rail-to-truck and truck-to-truck product handling services.

In the **Port of Virginia** our partnership with the Virginia Port Authority and its operating company Virginia International Terminals, Inc., offers the port's customers the advantages of dedicated on and off-terminal distribution operations at Newport News and Portsmouth, VA. The Newport News facility handles both break bulk and containerized cargoes including pulp, paper and forest products, while our Portsmouth location is a food grade facility handling a variety of products for customers.

In both our **Port Newark/ Port Elizabeth, NJ** and **Savannah, GA** facilities we offer long and short-haul trucking and drayage services as well as cross dock and container stuffing capabilities for a variety of commodities and customers.

Our Warehouse, drayage and trucking operation at the **Port of Houston, TX** (located in Pasadena TX) handles lumber, beverages, pulp and paper, stone, specialty flooring and other commodities, especially those requiring heavy haul capabilities.

- 7 Operating locations
